smoothie education: how to make the perfect blended beverage

shop seasonal + local! Fruit that is locally in-season will be fresher than fruit that's been shipped across continents to get to you.

freeze first! Choose pre-frozen fruit in a pinch. It's just as nutritious!

add fiber! Adding fiber will make your smoothie more robust and filling. Berries, veggies, seeds and whole grains like oats are all great fiber-rich smoothie add-ins.

rinse the blender ASAP! Blenders can be tricky to clean, so remember to rinse the blender immediately after you use it - excess smoothie will rinse away with ease.
